There's a war goin' on  
And are you ready to fight  
Our weapons are not of this world  
They belong to the light

By His power we demolish strongholds  
Put our enemy back in his place  
And even though we live in a world of sin  
When we walk with the Lord we win

Love is our weapon  
We need to use it  
Love is our weapon  
Let's not abuse it

Well, it begins on our knees  
When God's children start to pray  
Then the devil has to flee

By His power we will demolish strongholds  
Put our enemy back in his place  
And even though we live in a world of sin
