Alive at 5, it's the end of the day.  
Punch the card, now it's time to play.  
Flip of the card, cast your dice.  
Looking good now, but the end ain't nice.

You're shouting, but you're deaf to all.  
You don't listen and you don't heed the call.  
Feelin high and feeling tall,  
It's so easy to fall.

Look out for the stop light,  
A warning in the night.  
Listen to the Spirit, he'll stop your plight.  
Red light, he'll show you who's right.  
You'll see who's right,  
That's right!

Slip of the lip, back to the wall.  
Best laid plans, get ready to fall.  
Easy come, easier go,  
But the voice of God wants you to know.

Breaking down, disaster around.  
Mud on your collar, got your face in the ground.  
When you're mind is blown, you can't hear the sound.  
You're going down.

Look out for the stop light,  
A warning in the night.  
Listen to the Spirit, he'll stop your plight.  
Red light, we'll show you who's right.  
Time to surrendur and stop your fight.

Stop light, a warning in the night.  
Give it a listen, and he'll stop your plight.  
Red light, we'll show you who's right.  
You'll see who's right.

It'll take you from wrong to right,  
From black to white.

Slip of the lip, back to the wall.

Best laid plans, get ready to fall.  
Easy come, easier go,  
The Holy Spirit wants you to know...

He's talking to you inside.  
He's telling you, you don't have to hide.  
You can be on a brand new side.  
Don't you know that the Devil lied?

Stop light, a warning in the night.  
Give it a listen and he'll stop your plight.  
Red light, we'll show you who's right.  
The Devil's wrong. The Holy Spirit is right.

Stop light, a warning in the night.  
Sin is the disease.  
Red light, we'll show you who's right.  
The cure's gonna bring you to your knees.

Stop light, it will never hold you back.  
Red light, it'll always keep you on track.  
Stop light, the warning in the night.  
Red light, the Holy Spirit's gonna show you who's right.
