"The Balance"

Visit "[The Balance](#)" on MotoLyrics.com

Believe, bereave, belong
Become, betray, be told
Beat down, beat back, behold

Defame, degrade descend
Deny, deprive, depend
Delude, design, defend

Why you worried, oh why?
You can get your balance

Gimme one good reason
To give you what you don't deserve
The weight of sin is screaming
the Son of God erased it all.
Gimme one good reason
To give you what you don't deserve
The weight of sin is screaming, oh!
the balance is the Lord of All
