I don't know just what I need
I'm feeling lazy or just tired of everything
The days go by so fast that
I'm spinning crazy
I just wanna run away

This heart of mine is breakin'
It's time to see if I can
I got to break away
Each time I try to find out
Just what it takes to fill this
Emptiness inside

I do believe that there's a better way
And if we find it we will want to stay
I do believe it's still a mystery
How one man changed the course of history

I sometimes wonder if I could ever point
The way to someone else in need
If there's a place of shelter
A place of paradise for all eternity

This one man left all heaven's glory for you
This one man came and died but rose again
This one man will soon come again

I do believe that there's a better way
And if we find it we will want to stay
I do believe it's still a mystery
