I know your pain, I hear your cry,
And I have been there too.
And I promise not to leave you.
Soon you will see what I can see.
Child, keep your eyes on me.
You're right where you should be.

But don't fear anything,
'Cause I'm here and I can bring you joy,
Even here I'll bring you joy.
There's a reason for everything,
In each season I can bring you joy,
Even here I'll bring you joy.

This narrow road will lead you home
Follow the faithful few
Who have finished strong before you.
I can't promise you'll be free from pain,
Until you see my face,
But I'll help you run the race.

But don't fear anything,
'Cause I'm here and I can bring you joy,
Even here I'll bring you joy.
There's a reason for everything,
In each season I can bring you joy,
Even here I'll bring you joy.

There is no power strong enough
To separate you from my love.
There is no power strong enough
To keep me from You.

But don't fear anything,
'Cause I'm here and I can bring you joy,
Even here I'll bring you joy.
There's a reason for everything,
In each season I can bring you joy,
Even here I'll bring you joy.
