Sometimes I'm so afraid
I want it all to fade
Like a shadow in the light
I find it hard to see
And I can't let it be
Will I ever make this right?
Where I stand it seems so bright
And I'm burning
I'm burning

I want to hide inside
I want to be long gone
I stop to breath
Can I believe I'm right where I belong?

I feel so far from fate
Cause everything's so wrong
I stop to breath
Can I believe I'm right where I belong?

I know I'm not alone
But no one feels like home
Where I stand it seems so right
I don't know what to do
Will I make it through?
Will I ever make this right?
Where I stand it seems so bright
And I'm burning I'm burning

I want to hide inside
I want to be long gone
I stop to breath
Can I believe I'm right where I belong?
It feels so far from fate
Cause everything's so wrong
I stop to breath
Can I believe I'm right where I belong?

I'm so tired of hurting
Twisting and turning
Tired of being ashamed

I can't keep on defending
Hope and pretending
Trying to run away

I feel alive inside
My fears are all long gone
I stop to breath,
Now I believe that I'm right where i belong

And I've been saved by fate
The feeling is so strong
I stop to breath
Now I believe I'm right where I belong
I'm right where I belong
I'm right where I belong
I'm right where I belong
I'm right where I belong
