Preparing flower she is faced with the man  
The ghost has laced a ribbon  
No amount of soul she's given  
She don't know what to give

Sitting empty rooms together  
She wants to fit the shards together  
Find out what they lost when they lost him

She fears she'll crack the eggshells  
But the pendulum still swings  
Delicate towards...that's within sight  
Mmmm,

Has this frozen knows,  
The cost of those who were lost at sea  
These words won't carry everyone  
And they won't carry me

These trees anchored to the ground  
The birds take flight  
The blossoms bound  
I won't let them fall out or let them fall

Don't make this cold for me I  
I feel it's snowing at my feet  
Taking me down up on my knees  
I think I need you, I think I need you  
To know

That this frozen knows,  
The cost of those who were lost at sea  
These words won't carry everyone  
And they won't carry me

Whoa, whoa, whoa, whoa

That this frozen knows,  
The cost of those who lost at sea  
These words won't carry everyone  
And they won't

That this frozen knows,  
The cost of those who lost at sea  
These words won't carry everyone  
And they won't carry me

She dipped the anchor from the life  
Strength ... of your sight  
Together this is harder...  
Sleep easy in your bed at night x 3
