Who is this man that's watchin' me
From the mirror with his evil grin
Sayin' I'm worthless, I won't amount to none
- Look on the table, there's a loaded gun

And so the story goes

That in my Hour of Emptiness
You came along and You gave me a kiss
- And You made me feel alive again
And just as fast as You came You went
And took my agony along with you
- You must be an angel

I'm feelin' stronger than I've ever been before
There's a strange sensation I have to explore
I look in the mirror, and the evil man is gone
- There's only power of a new born

And so the story goes

That in my Hour of Emptiness
You came along and You gave me a kiss
- And You made me feel alive again
And just as fast as You came You went
And took my agony along with you
- You must be an angel

And so the story goes

That in my Hour of Emptiness
You came along and You gave me a kiss
- And You made me feel alive again
And just as fast as You came You went
And took my agony along with you
- You must be an angel
