C

Man over me, man over you
Man like a fist, man wanna rule
The crystal ball predicts the fall
Man over Lord, man overboard

V

Feels like we are drifting
For some dark, uncharted land
Don't know where we're going
But it's not where we have been

V

Did we think that we could sail
The waters of this storm
We can't control the rudder
And the sail's getting torn

B

I'm afraid for me
I'm afraid for you

C

Man over me, man over you
Man like a fist man wanna rule
The crystal ball predicts the fall
Man over Lord, man overboard

V

Everywhere i turn
I feel the pounding of the sea
To think that we are drowning
In our own hypocrisy

V

Devoured by the mouth of all
The things that we create
We thought we were creators
Now we're eaten by our fate

B

I'm afraid for me

I'm afraid for you

C

Man over me, man over you
Man like a fist man wanna rule
The crystal ball predicts the fall
Man over Lord, man overboard

C

Man over me, man over you
Man like a fist man wanna rule
The crystal ball predicts the fall
Man over Lord, man overboard

C

Man over me, man over you
Man like a fist man wanna rule
The crystal ball predicts the fall
Man over Lord, man overboard

C

Man over me, man over you
Man like a fist man wanna rule
The crystal ball predicts the fall
Man over Lord, man overboard

I

The fall and the fall
And the fall and the fall
[Incomprehensible] man overboard
