The clan is marchin' up and down the street
Speakin' out from under a sheet
They say they're saving their neighborhood
They really believe they're doin' good

Are they working harder at what we think is
Wrong
Than we are at what we know is right

Beastie Boys got a number one
They just say it's harmless fun
And while they're rappin' to the bank
Dissension runs through the family ranks

Are they workin' harder at what we think is
Wrong
Than we are at what we know is right
Sold out — they might be sold out to sin
Sold out — gotta take a look inside what do
You see
Are you and me... more sold out to Him

Met a devil woman just the other day
"divide the home" is what she prayed
Even read the Bible in front of me
Said "you gotta know your enemy"
Are we gonna sit back and let them take
Control
When we've got His power in our soul

Sold out — they might be sold out to sin
Sold out — gotta take a look inside what do
You see
Are you and me... more sold out to Him

We're not gonna sit back and let them take
Control
When we've got His power in our soul
