"Fuck Your Scene"

Visit "[Fuck Your Scene](#)" on MotoLyrics.com

You want to know why your idols quit
Why they sold out and turned their backs
They were sick of kids like you, know-it-all twit
You're ruining it for everyone, reality smack
We've got nothing in common
Don't wanna understand your poetry
Don't wanna know about your emotions
Don't wanna share any of your opinions
Don't wanna be a part of your mockery
You still claim yours what we own
Fuck your scene
You stay away from me
Fuck your scene
Just fucking let me be
