### "Worm"

Nothing you do deserves our attention  
But everyday we're reminded of your actions  
You fucking worm  
You'll never know what it means to be alive  
Stay in your hole, don't rear your ugly head

They say only the strong can survive  
That's why you're as good as  
They say only the strong can survive  
That's why you're as good as dead  
Nothing crawls lower than a fucking worm...

Worm! your life is worthless  
Worm! you're as good as dead  
Worm! scourge of society  
Human disgrace
