I've got a bad reputation nothing is gonna change
around here.
I've got a bad situation no one's going to play with you
here.

Oooh-ooh I don't know, ooh-ooh I don't know.

I've got a bad reputation nothing is gonna change
around here.
I've got a bad situation no one's going to play with you
here.

Oooh-ooh I don't know, ooh-ooh I don't know.

I've got a bad reputation nothing is gonna change
around here.
I've got a bad situation no one's going to play with you
here.

Oooh-ooh I don't know, oooh-ooh I don't know.

I've got a bad reputation nothing is gonna change
around here.
I've got a bad situation no one's going to play with you
here.

Oooh-ooh I don't know, oooh-ooh I don't know.

I've got a bad reputation nothing is gonna change
around here
