I said baby mama, I don't know your name

But I said baby, sugar I can play your game

Every night when we leave the hall

I see you hanging around

Wanna ride in my big black car baby

Wanna go uptown

(Chorus)

I know who you are baby

Big city, hard times don't bother me

I know what they call you baby

Never put you down baby

I don't like cars buzzing around

'Cause just like you baby, I'm on the hunt

I said lady

I know people gonna talk about you and me

Let me say one thing, sugar I do as I please

And if you wanna love me baby, I'm your man

And all those high-falutin' society people

I don't care if they don't undertand

(Chorus)

My daddy told me a long time ago

Said there's two things son

Two things you should know

And in these two things you must take pride

That's a horse and woman, yeah

Well both of them you ride
