Well I've heard lots of people say  
They're gonna settle down  
You don't see their faces  
And they don't come around  
Well I'm not that way  
I got to move along  
I like to drink and to dance all night  
Comes to a fix not afraid to fight  
You got that right  
Said, you got that right  
Sure got that right  
Seems so long I been out on my own  
Travel light and I'm always alone  
Guess I was born with a travellin' bone  
When my times up, I'll hold my own  
You won't find me in an old folks home  
You got that right  
Well you got that right  
Said, you got that right  
Sure got that right  
I tried everything in my life

Things I like I try 'em twice

You got that right

Sure got that right

Travellin' around the world, just singing my song

I got to go, Lord I can't stay long

Here comes that ol' travellin' jones once again

I like to drink and to dance all night

Comes to a fix not afraid to fight

You got that right

Said, you got that right

Well you got that right

Sure got that right
