I'll be the best you ever had  
I'll be the best you ever had  
Shaking, I can't get ahold of myself  
You're breaking our bond and whatever's left.  
I hope you know what your words have done to me.  
Soon I'll tell the same lies.  
Hey! We could be a team.

You say I'm crazy baby,  
They say I'm crazy today

Honestly I feel so alone tonight  
Finally I can say this to your face  
Don't touch me, don't touch me  
Please would you never trust me  
I thought you had more class than this, (though)

And after, you've been rapped around my hips  
I bet you'll run straight back to his  
I've figured out all your secrets,  
I've figured out all your secrets,  
And I bet he'd love to hear about this

Trust me, when I say,  
"It's over." (It's over). It's Over!  
I always knew everything  
I always saw through you lies.

I'm telling you this 'cause I got to  
(I'm gunna bring all my razors to the bedroom  
I'm telling you all this 'cause I got to.
