I can't sleep in the morning
After new years eve
I'm in a dream of perfection
And you're nowhere to be found.

I can't sleep, when you're not around.
When I dream, you always wear a frown.
It's nothing, no no no.
So why can't you just go?

We've played these games for way too long.
Well I'm done because...
You showed me what it's like to fall.
Thank you so much.

It's 4:19 in the morning
Another minute until I breathe
I'm in a dream of perfection
And you're nowhere to be found.

I hope you can't sleep.

When I dream, you always wear a frown
I can't sleep when you're not around.
It's nothing, no no no
So why can't you just go?
We've played these games for way too long.
Well I'm done because...
You showed me what it's like to fall.
Thank you so much.

The way you fall
Hey, hey, hey
