As I stand in puddles up to my ankles  
Would you please do me a favor? And go grab me  
some new shoes  
So I can run away from you. Miles away, I'll forget about  
today  
as soon as I get a chance to.

So are you listening?  
Turn on the radio.  
Stories from my heart,  
So where can I start?

I saw the street lights  
I took your hand in mine  
I don't know where to go  
Some say my heart is on an open road.

And then I saw you there  
You never would of cared  
To me it's something better  
To you it's nothing better.  
Push it back.  
Can you see into a heart?  
Push it back.  
Can't you see my misery?

I'll fly away into yesterday  
and if I loose my way  
in my heart you'll stay
