If I take this walk, please would you follow me  
Through this park tonight.  
The grass is green the sky is filled with hollow  
dreams.  
Let me know I'm alive, let me know.

Remember me, (I have to go)  
I can't stay forever.  
Remember me (i have to go),  
Thats all I ask, thats all I ask.

Struck by a bolt of lies  
straight from your cloudy eyes.

I know you hear me die as I walk past  
you turn your head.  
Leave me with the smell of your hair  
and hope that someday we'll meet again.

Remember me, (i have to go)  
I can't stay forever.  
Remember me, (i have to go)  
Thats all I ask, thats all I ask.

Struck by a bolt of lies  
straight from your cloudy eyes.  
I'll tell you honestly  
This storm has got to me.

Won't you please....  
Won't you always...

Ask me to stay by your side.
