"Exchange Of Heart"

One sided love broke the seaside down
And I took it rough when I hit the ground
That you went your way and I went half wild
But girl you'd understand, if your heart was mine
If we had an exchange of heart,
Then you'd know why I fell apart
You'd feel the pain
When the memories start
If we had an exchange of heart
I'd never wish a lonely heart ungood,
It's not your fault I chose to play the fool
One day may come when you'll be in my shoes,
That your heart will break and you'll feel just like I do
Oh time turns the tables, and soon I'll be able,
To find a new romance
And if you'll remember, my love warm and tender,
Too late for a second chance
If we had an exchange of heart,
Then you'd know why I fell apart
You'd feel the pain
When the memories start
If we had an exchange of heart
If we had an exchange of heart...
