I got these haters on my back  
These haters on my back  
Gotta get these motherf\*cking haters off my back  
I know why they hatin' cause I'm sittin' on stacks  
Now I'm steady chillin' and I'm spending all that  
I'm a big beat pumper they rockin' my sound  
Out 'n outta space I come from underground  
Now I'm on top holdin' town ground  
All them haters hatin' on the bottom drown

I'm a shotcaller, big big balla  
Mash the dancehall, make everybody holla  
Ahhhh  
Block block blocka  
Ahhhh  
Ain't nobody hotter

Haters in my face, got haters in my face  
I gotta get these motherf\*cking haters out my face  
I know how to get 'em Imma get 'em with the base  
Hit 'em with the rhythm Apl give 'em lil' taste  
Oral politic systematic  
Hit you with that acrobatic  
Automatic rhythm magic  
Here we come we right back at it  
One more time do my team  
Shinning bright bling bling  
Hit you with tha bing bing  
Like the way da beat swing

I'm a block rocka, big show stoppa  
Aiming for that number one spot now we got ya  
Ahhh  
Block block blocka

Eight arms octagon

Straight charm watch ya Don  
Man I got the bottles poppin'  
Party people got 'em rockin'  
Yeah I got that antidote  
Here's the doughs  
Damn I'm dope  
Check me out here we go

Here we go back for more  
Hungry like an animal  
High class on the ground  
Check the up and low my style  
Blazed up branded shoes  
Jumping off like Delta Blues  
Here I come super cool  
Serving you that new  
Here I come

Here I come come come come  
Here I come come come come  
Come come come come  
Here I come come come come  
Here I come  
Here I come  
Here I come
