We held each other tight  
And ran away into the night  
Oh baby you were so afraid  
We knew we couldn't stay  
Your parents didn't understand  
The love we had together

We were teenagers  
Far away from home  
We were cold and all alone

So tell me baby all through the night  
That you'll never let me go  
Tell me baby 'cause I want the world to know

Together we were one  
We found the place where dreams are made  
And hearts never broken  
We said we'd never leave  
You know we couldn't turn around  
And face that we had left behind

We were young in love  
Out on the run  
We were cold and all alone

So tell me baby all through the night  
That you'll never let me go  
Tell me baby 'cause I want the world to know  
Tell me baby I'm the only one  
And all you ever need  
Tell me baby that you'll never let me go

Oh, come on and tell me  
Oh and never let me go  
Oh, never let me go

Tell me baby all through the night  
That you'll never let me go  
Tell me baby 'cause I want the world to know  
Tell me baby I'm the only one  
And you ever need

Tell me baby that you'll never let me go

Oh baby, you know we couldn't turn around  
'Cause we were young up against the world  
So tell me, tell that you'll never let me go  
'Cause I need your love, and I need it all the time
