VERSE 1

As we walk the golden mile
Down the pretty aisle
I know that you are mine
And there's nothing in this world
That I know I wouldn't do
To be near you every day
Every hour, every minute

Take my hand and let me lead the way

CHORUS

All through your life
I'll be by your side
Till death do us part
Baby, I'll be your friend
My love will never end
Till death do us part

VERSE 2

When I wake up every day
With you lying in my arms
I wonder if I'm dreaming
When I look into your eyes
I just can't believe it's true
That my heart belongs to you
Baby, we can have it all

Girl, take my hand and let me lead the way

Repeat CHORUS

BRIDGE

There'll be good times
And there'll be bad
But I will stand beside you woman
All the way
And through the years
As life will put us through
When snow will fall on winter nights
I'll keep you warm inside

Yeah, baby, I will

[solo music]

Repeat CHORUS

Yeah, baby, I'll be there

Repeat CHORUS

END CHORUS

Yeah, baby, I'll be there

Baby, I'll be there

All through your life

And I know that you'll be there

I know that you'll be there

Forever, oh, yeah

Repeat END CHORUS

Whoa...
