Wait, just a moment before our love will die
'Cause I must know the reason why we say goodbye
Wait, just a moment and tell me why
'Cause I can show you lovin' that you won't deny
I can show you lovin' that you won't deny

Wait and show your lovin' like it was before
'Cause I won't let that feelin' walk out through the door
Yeah, wait just a moment and try once more
'Cause, babe, I need to hold you like I did before

So if you go away, I know that I will follow
'Cause there's a place inside my heart
That tells me hold out, hold out, hold out, oh baby

Wait, wait, I never had a chance to love you
Wait, wait, if only our love could show you
Wait, wait, I never wanna be without you
Wait, wait, no, I never had a chance to love you
Now I only wanna say I love you one more time

So if you go away, I know that I will follow
'Cause there's a place inside my heart
That tells me hold out, hold out, hold out, oh baby

Wait, wait, I never had a chance to love you
Wait, wait, if only our love could show you
Wait, wait, I never wanna be without you
Wait, wait, no, I never had a chance to love you
Now I only wanna say I love you

Oh baby, I beg you to wait
No, I never had a chance to love you

One more time before you go
Just one more time before you go away
Before you go away, before you go away
Oh, give one more chance to love you

'Cause I never had a chance, I never had a chance
To love you the way I could
So give me one more chance, give me one more day

Before you take your love away

Give me one more chance, give me one more day
To love you, love you, love you, baby

Wait, wait

Baby, I'm waitin', baby, I wait
'Cause there is someday your love, your love returns
So give me one more chance
Before you take your love away

Wait, wait

Wait, wait

Wait, wait
