One fine day, you'll get up and say
You'll get up and say, "Hooray"
You will see we were meant to be
We were meant to be, you see

Thank you Lord for the sunshine you've brought me
Thank you Lord for the lessons you've taught me
I will never change
Because of you, I've got so much to stay

One fine day, you'll get up and say
You'll get up and say, you'll say, "Hooray"
You will see we were meant to be
We were meant to be, you see

Thank you Lord for the sunshine you've brought me
Thank you for the lessons you've taught me
I will never change, I will never
Because of you, I've got so much to stay

Hooray, please say, please say, "Hooray"...
