Girl, you promised me love and devotion, yes you did  
Girl, you promised you would love only me, but you  
turned me down  
Girl, you promised me love and devotion, yes you did  
Girl, you promised you would love only me, then why  
are you scared?

Girl, you promised you would want only me, but you  
turned me down  
Girl, you promised you would be true to me, but you  
turned me down  
Girl, you promised me love and devotion, yes you did  
Girl, you promised you would love only me, then why  
are you scared?

Girl, you promised that you would be true  
Girl, you promised you would never make me blue...
