People get ready, to do, do rocksteady  
People get ready, to do, do rocksteady  
Out in the moonlight we will dance  
Out in the moonlight, hands in hands  
I'm just a lonely boy waiting for someone to love me  
The way that I love you  
People get ready, to do, do rocksteady  
People get ready, to do, do rocksteady

Out in the moonlight, we will dance  
Out in the moonlight, holding hands  
I'm just a lonely boy waiting for someone to love me  
The way that I love you

People get ready, to do, do rocksteady  
People get ready, to do, do rocksteady  
People get ready, to do, do rocksteady  
People get ready, to do, do rocksteady  
Come on, come on, and do rocksteady...
