Come and have a talk with me
Together we will see
The life for you and me, come on now
Come and take a walk with me
And I will show you how
We're supposed to be

The birds in the trees sing their song
Their sweet melody lingers on
Come, run come, come, run come, come, run come
see
Come, run come, come, come

Come and have a talk with me
Together we will see
The life for you and me, come on now
Come and take a walk with me
And I will show you how
We're supposed to be

Run come see the birds in the trees sing their song
Their sweet melody lingers on
Come, run come, come, run come, come,
Come, run come, come, run come...
