This feeling down in my soul
This feeling it's far beyond control
I get weary from the load
Still I never drew my sore

Now I can't seem to help myself
Everything I do is turning out no so well
Only time will tell
There are others unfair

This feeling down in my soul
This feeling it's far beyond control

This feeling down in my soul
This feeling it's far, it's far
It's far, it's far beyond control, hmmm
This feeling, whoa, hmmm

I'm still talking about this feeling
I'm still talking about this feeling down in my soul
It's down in my soul
It's far, far, far, far
It's far beyond control
This feeling
I'm still talking about this feeling
