There is something happening here
It isn't exactly clear
There's a man over there
Tellin' me, I've got to beware

I want you stop, children
Watch this sound
Everybody look, people
What's going on

Nobody's right here
Everybody's wrong
Young people
Speaking their mind

Getting so much resistance
From behind
Getting so much resistance
From behind

What a great day, feel the heat
Thousands of people in the street

Getting so much resistance
From behind, yeah
Getting so much resistance
From behind

It's time to stop, children
Watch this sound
Everybody look, people
What's going on

It's time to stop, children
Watch this sound
Everybody look, people
What's going on

It's time to stop, children...
