Life, shades of blue,
Love was bittersweet till I found you,
Time, after time,
Feelings disappear...

Friend, when we met,
Life was like a joke I didn't get,
But when you're holding me,
You make me understand,
What this heart is for...

Now we've nothing but the radio on,
We are dancing to a new emotion,
We've got nothing but the radio on,
We're making love in slow motion...

Ooh, one night like this,
Can melt away the lonely emptiness,
Each perfect kiss,
Answers every wish I wish...

There in your eyes,
I can see the years of tears I've cried,
And though the waiting game,
Is all I ever play,
It's time to let love in...

Now we've nothing but the radio on,
We are dancing to a new emotion,
We've got nothing but the radio on,
We're making love in slow motion...

Hey girl, oh...

When nothing is right,
We can't go wrong,
And so tonight,
They're playing our song,
We're kiss to kiss,
And heart to heart,
And the music never stops,

Once the love starts...

We've got nothing but the radio on...

Hey baby,
Nothing but the radio on,
Ooh... Love in slow motion,
Ooh... Nothing but the radio on,
We are dancing to a new emotion,
Hey baby, nothing but the radio on,
Making love in slow motion,
We've got... Nothing but the radio on,
Don't you know we've got,
Nothing but the radio on...
