There are roads
That can take you to places
That you've never been
There are people
When you meet them
It's like they have lived
Inside your skin
There are souls
You connect with so strong
A bond that is so deep

And so true

That's the way

I feel about you

There are times
Like a magnet
You are drawn
Into somebody's life
You don't know
What you're doing
Are why you are there
But, you know it's right
There's a sense
That the piece that was missing
Has suddenly come into view

That's the way
I feel about you

I believe in this world
There is nothing
That happens by chance
There's a reason
That I just as would take you
The moment you came
Into my hands
Like a gift
That you're never expecting

But you treasure
Your whole life through

That's the way
I feel about you

There's a sense
That the piece that was missing
Has suddenly come into view
That's the way
That's the way
That's the way
I feel about you
