When it comes to teks, I'm similar to a menace

That I do to a bastard keep playin around
Won't be nobody strong enough to (*Hold, you, down)
Yeah, I leave 'em in shock
People get sentenced to life they stressed in the box
Most of my friends got murdered and damn I feel lost
Wish I was there when they popped off to (*Hold, you,
down)
Nobody but me, I got a whole gang of killers but that's
how you gotta think
If you wanna make it alive in all in one piece
It takes much more of them things to (*Hold, you,
down)
Yeah, yo sonny, I'm well connected in the streets
We loyal to each other when it comes to that beef we
get (*Down)

I'm around to hold you (*Down)
Will never leave your side until the day I die I'm gonna

Yeah, yo, when the time is worst
Never leave my fam in a jam I'm dyin first
Never (*Down) to my last dollar I'm grindin first
Never take the stand on my fam I'm silent first (*Hold,
you, down)
It's goin down, feel me The Alchemist in the flesh
And I love this profession but I throw it all away in a
second cause I'm (*Down)
For the cause when my life is threatened
Taken this and that maybe that'll (*Hold, you, down)
Now you know how we cooks the pot up
You could get caught up in some things you would not
wanna so slow (*Down)
And watch how I mold the sound so when I ain't around
the music still (*Hold, you, down)
But I'm a keep my eyes open yo I don't even blink
Keep my pen movin down the line I don't even think,

down)
No matter if you wrong or right you still right, for you I
lay a man (*Down)
I don't care if it's the president I cock my heat, and
(*Hold, you, down)
For all y'all chickens in the club
If you hop in the truck, first thing y'all gonna go
(*Down)
And when we get to the telly I'm a bend you over and
(*Hold, you, down)

[Verse 4: Prodigy]

I seriously doubt it, my chain cost a quart a mill
imagine what I spend gun shoppin
Get bullets by the thousands they say that we whylin
And I'm far from recluse, we fight on front street with

them fullies in the coupe
Before the drama and the shootin, then I take bullets
and die to (*Hold, you, down)

[Chorus & Outro: Nina Sky] (*Sample of "Hold You
Down")

Even when shit gets hard I'm going to make sure that
I'm around to hold you (*Down)
Will never leave your side until the day I die I'm gonna
(*Hold, you, down)
Recognize that this game could be hard
Long as you roll with me, we are (*Down)
Here by your side always to (*Soon, you'll, un-der-
