you know I've got your number
and you know you've got mine
I was wondering if sometime
you could drop me a line.

I see you everyday and I fall
and I wonder am I gonna get that call
I'm home all the time,
please drop me a line

I long to hear your voice on the phone
everday when I get home
I'm home all the time
drop me a line

drop me a line
drop me a line

I see you everyday and I fall
and I wonder if I'm gonna get that call
I'm home all the time please
drop me a line

everyday I think of you
what I'm saying is so true
home all the time
drop me a line

drop me a line
drop me a line
drop me a line
drop me a line
