how are you my friend, are you still bleeding?
tell me what you did to get this beating.
say your prayer cause you know those sick fux are

tryin to find some way to blame it all on...
say your prayer cause you may never know when
you're gonna be next

feel the pain yeah,

pass it around... feel the pain yeah
pass it around.

walking down this way may not be healthy

walking down this way may not be healthy

say your prayer cause you may never know when
you're gonna be next

feel the pain yeah,

pass it around... feel the pain yeah
come on and get you some.

how are you my friend, are you still bleeding?
