Its a crime  
you let it happen to me  
Nevermind, I let it happen to you  
Outta mind, forget it  
Theres nothin to lose but my mind and all the things I  
wanted  
Everytime I get it, throw it away  
It's a sign, I get it, I wanna stay  
By the time I lose it, I'm not afraid  
I'm alive but I can surely fake it  
How can I believe when this cloud hangs over me?  
You're the part of me that I don't wanna see

Forget it (x14)

There's a place I see you, follow me  
Just a taste of all that might come to be  
I'm alone but holding breath you can breathe  
To question every answer counted

Just fade away  
Please let me stay  
Caught in your way (x2)  
Forget it (x14)

It's a crime, you let it happen to me  
I don't mind, I love it  
Easy to please  
Nevermind, forget it, just memory  
Or a page inside a spiral notebook

Just fade away  
Please let me stay  
Caught in your way  
I can live forever here (x2)

How can I believe when this cloud hangs over me?  
You're the part of me that I don't wanna see  
I can live forever here
