(VOCAL : AM Radio)

I just want to be lost  
In a crowded room  
So I don't have to hear  
Your point of view

You know I don't care  
About what you say  
And it's the way  
You sat it, too

So why did you come to me  
When you knew that you just didn't believe  
What did you expect to get from telling me  
You don't understand  
Anything or how I am

I just want to be loved  
I just want to be loved by you  
I want to be loved  
I just want to be loved by you  
I want to be loved, I want to be loved

I just want you to stay  
Away from me  
With all your lies  
I just don't believe

So why did you come to me  
When you knew that you just didn't believe  
What did you expect to get from telling me  
You don't understand  
Anything or how I am

I just want to be loved  
I just want to be loved by you  
I want to be loved  
I just want to be loved by you  
I want to be loved, I want to be loved

You don't understand, you don't understand  
You don't understand

I just want to be loved  
I just want to be loved by you  
I want to be loved  
I just want to be loved by you  
I want to be loved, I want to be loved

I want to be loved  
I just want to be loved by you
