I was running for the folks I know  
Never had it good  
But don't know if they're feeling fine  
Who had to leave them soon  
Recently I seem to have become  
A new born man  
I want to share with everyone  
What happened in my put (?)

Open up the door gonna be down the road  
Celebration, celebration, celebration, celebration

Feeling come and go  
Never has to leave  
After she let you down  
Bring you to your knees

When you're feeling good  
Nothing you can do  
Gonna take you to the mardi gras  
Piss out on you (?)

Gonna make you feel alright  
Gonna make it through the night

Open up the door gonna be down the road  
Celebration, celebration, celebration, celebration

(Break)

If you want to know  
The book I won  
Never had it good  
Come on in and see the crime  
I really believe they should

Recently I've seen the light  
I've become an new born man  
I want to share with everyone  
What happened in my past

I've never been one to tease

Only want to please

Open up the door gonna be down the road  
Celebration, celebration, celebration, celebration

Celebration I just want to celebrate  
Celebration gimme two, give me one

Open up the door gonna be down the road  
Celebration, celebration, celebration, celebration...
