I smell trouble and where there's smoke
There must be fire
You sow your seeds of jealousy
And the flames just keep on growing higher

This can't be love anymore
I know 'cause I've done everything I can
And all that you can do
I pour gasoline on a burning man

Tears of rage, tears of pain
Burning my eyes, I realize, I'm crying
Crying, I'm crying
Bitter tears falling like rain

Lies
I can never understand
You play your cards under the table
Dealing me a losing hand

Tears of rage, tears of pain
Burning my eyes, I realize, I'm crying
Crying, I'm crying
Bitter tears falling like rain

Crying, always crying, crying
Bitter tears falling like rain

I want to be there
When your demons come to call

I'm gonna finish what you started, baby
Watch you burn little house down
Burn it down, down, down

Then I'll see you crying
Crying, crying
Bitter tears falling like rain
