Something in your smile was so inviting
Something in your eyes told me to stay
Something in your touch electrified me
Completing me in every single way

Now I realize as I look in your eyes
This must be love
Baby try to understand my heart is your hand

Chorus
Love will set you free
Love will set you free
You can trust in me
My love will set you free
Set you free

Every time I think about you baby
Every time I see your smiling face
Every time I feel your loving arms
Around me guilty pleasures
Take up all my time & space

Now I realize as I look in your eyes
This must be love
Baby try to understand my heart is in your hand

Chorus
Love will set you free
Love will set you free
You can trust in me
My love will set you free
Set you free
Set you free, set you free!

guitar solo

Now I realize as I look in your eyes
This must be love

Baby try to understand my heart is in your hand

Chorus

Love will set you free
Love will set you free
You can trust in me
My love will set you free
Set you free, set you free
