(coverdale/hardin/fenwick)

Well the world just keeps on turning
And people keep on learning
It's crazy to be earning
All the money that you're burning

But if you fool yourself
An' think you're really strong
Someone gonna see you
Show you that you're wrong..

Cos you can't take it with you
If you got money to burn
Someone gonna get you
If you've got money to burn...

Riding in your roller
Oh, think you're pretty cool
But the big man's got your number
And he's just playing you for a fool
Can't take it with you
Your money to burn
I'm gonna give you
For your money to burn

Don't wanna be learn
When I'm going down
When I'm getting .. for it
I ain't hanging 'round
For ain't no dollar
Ain't gonna turn
But I don't want money,
Ain't want no money

Money to burn
Money to burn

Money, money...
