Do you remember standing on the shore  
Your head in the clouds your pockets filled with dreams  
Bound for glory on the seven seas of life  
But the ocean is deeper than it seems

The wind was with you when you left on the morning  
tide  
You set your sail for an island in the sun  
On the horizon, dark clouds up ahead  
For the storm has just begun

Take me with you, take me far away  
And lead me to the distant shore

Sail your ship across the water  
Spread your wings across the sky  
Take the time to see you're the one who holds the key  
Or sailing ships will pass you by

You cry for mercy when you think you've lost your way  
You drift alone, if all your hope is gone  
And find the strength and you will see  
That you controlled your destiny after all is said and  
done

So take me with you, take me far away  
And lead me to the distant shore

Sail your ship across the water  
Spread your wings across the sky  
Take the time to see you're the one who holds the key  
Or sailing ships will pass  
Sailing ships will pass you  
Sailing ships will pass you by

Take me with you, take me far away  
We'll ride the wind across the sky  
Spread your wings and you will see  
You control, your destiny  
So sailing ships don't pass you by

So take me with you, take me far away

We'll ride the wind across the sky  
Spread your wings and you will see  
You control, your destiny  
So sailing ships don't pass  
Sailing ships don't pass you  
Sailing ships don't pass you by

Baby, baby, baby, baby  
You'll find that you're the only one  
Can sail your ship across the sky
