(coverdale/vandenberg)

Sometime after midnight  
The heat begins to rise,  
Girl, you'd shame the devil  
With that look that's in your eyes  
I know what's on your mind  
An' I can't run away,  
If I don't give you what you want  
There's going to be some hell to pay

Creeping up behind me  
Knocking at my door,  
I'll never be too blind to see  
Just what you're looking for  
You roll me over, make me moan,  
Oh, such a velvet touch  
You'd melt a heart of stone

Anytime, anyplace,  
I'm just the fool who puts a smile on your face  
A slave to love an' keep you young  
All it takes an' no mistakes  
Is just a slip of the tongue

Just a slip of the tongue

An' if I want a little love  
I gotta take a lot of pain,  
Make me think a thousand times  
Before I kiss again  
I'm waiting on you every day an' every night  
If I don't try to satisfy  
There's gonna be a fist fight  
Anytime, anyplace,  
I'm just the fool who puts a smile on your face  
A slave to love an' keep you young  
All it takes an' no mistakes  
Is just a slip of the tongue

Just a slip of the tongue

The sun is slowly rising  
An' I'm sinking to my knees,  
I'm dying just to close my eyes  
I'm begging, darlin', please  
I hear you calling  
An' I'm crawling 'cross the floor  
I give you everything I've got  
An' still you ask for more

Anytime, anyplace,  
I'm just the fool who puts a smile on your face  
A slave to love an' keep you young  
All it takes an' no mistakes  
Is just a slip of the tongue

A slip of the tongue,  
Just a slip of the tongue,  
Slip of the tongue,  
Just a slip of the tongue,  
Slip of the tongue,  
A slip of the tongue...
