Keep on pushing, babe,
Like I've never known before...
Know you want it crazy, child,
I just wanna see you on the floor...

I wanna superstitious woman
She got a superstitious mind...

I can't see you, baby,
I can't see you anymore... no more,
Keep on loving me
Like I've never known before...

I wanna superstitious woman
With a superstitious, a superstitious mind...
an' I don't mind...
Baby, oh, look out...!

My heart is beating faster, babe,
It's beating like a big bass drum...
You know you got me speeding, child,
Faster than a bullet from a gun...

You're a superstitious woman
An' I got a superstitious mind...an' I don't care...

So take me down slow an' easy,
Make love to me slow an' easy...
I know that hard luck an' trouble
Is coming my way,
So rock me 'til I'm burned to the bone,
Rock me 'til I'm burned... to the bone...

I don't care about, oh,
I don't care about love... no more...
The way you keep abusin' me

Oh, I can't take no more...

I wanna woman
She got a superstitious mind...

So take me down, slow an' easy,
Make love to me, slow an' easy...
I know that hard luck an' trouble
Is coming my way,
So rock me till I'm burned to the bone,
Rock me till I'm burned to the bone,
Rock me till I'm burned...

So take me down, slow an' easy,
Make love to me, slow an' easy...
Take me down, slow an' easy,
Rock me till I'm burned to the bone...

An' take me down, slow an' easy,
Make love to me, slow an' easy...
I know that hard luck an' trouble
Is coming my way,
So rock me till I'm burned to the bone...

So take me down, slow an' easy,
Make love to me, slow an' easy...
I know that hard luck an' trouble
Is coming my way,
So rock me till I'm burned to the bone,
Rock me till I'm burned to the bone,
Rock me till I'm burned... to the bone...
