The situation's fucked up once again but different  
drama  
Sluts like to pretend but get turned to baby mommas  
So I'mma stick to stick and mingle with singles  
This bitch was tricking me. ID said 19 but the height  
looked a little to big to me  
She's looking 16 I almost broke out and passed  
through  
But then I saw her back and noticed she had a tattoo  
She's at least 18 so my mind state started changing  
In retrospect the dime wasn't worth the time that I'm  
facing  
But I was like fuck it cause dimes don't come a dime a  
dozen  
Especially in buffalo they scrubbing or got one in the  
oven  
So I took my chances I must of lost my mind  
But shes so fine all I can think about is her becoming  
pantless  
So honey hop your ass in you want a night of passion  
We'll crash at my pad and pull out the pull out and pull  
out before I blast in  
Cause I don't want no seeds so lets proceed like Quest  
love with no glove  
And then we got into it. This bitch was leaking lots of  
fluid  
She never said no she said go and moved her to the  
bed floor  
And just as I'm about to bust she whispers something  
drastic  
She's only 16 and late nights get her ass kicked  
I jumped up starred down really wanted to smack the  
bitch  
But blue and black from a fist doesn't click with woman  
rights activists  
She told me don't worry everything's gonna be fine  
Next day statutory rapist made the new at nine

[Chorus]

And it just goes to show that any hole just aint worth it  
Cause now I locked up a rapist waiting for a verdict

She didn't get knocked up shit I pulled out before I  
spurred  
Statutory's half the story I hate the way its worded

Now it's the next day and of course I got the call  
The cops coming to arrest me this lay wasn't worth it all  
I'm up against the wall by the time they hit the door (SE)  
Coming in for questions but wound up handcuffed  
going to they car  
Now were at the precinct people looking weary and  
strange  
They hated my tattoo talk on theory of age  
They said it wont hold up in courts and I'm just a sick  
fuck  
How did I get into this? Well its just my luck  
Apparently, when she got home she called up a friend  
Her parents got on another phone and were listening in  
She gave up my first and last name and where I took  
her after  
She wasn't upset actually most of the time spoke with  
laughter  
But her father was pissed thinking of his daughter  
getting railed  
So he called up the police and in turn they brought me  
to jail  
And I wish I could take it back but that's the funny thing  
about time  
But you have to convince your mind that there's no  
changing that

[Chorus]

A few months pass by and I show up on the court date  
She's talking how I forced her before she never thought  
rape  
Even crying tears somebody's got her mind changing  
Now I'm looking at time before it was a fine and  
probation  
Staring in amazement I not only got played but tricked  
Knew I was the rapper the guy they can't wait to convict  
Told em bout the fake ID and I told em where I met her  
The only response I got is that I should've known better  
(SE)  
I knew this to be true but I just made a mistake  
But this is one of those mistakes that you just can erase  
There's no sympathy for me just for the scandalous  
bitch  
So think twice cause its really hard to try and handle  
this  
Ahh Shit
