Now, I, I smoke a lot of cigarettes  
And I've been drinking too much wine  
You've been patient and understanding  
Guess, I went to far this time

I cut you with my drunken words  
So much sharper than a knife  
But you turned the tables on me, baby  
Just by walking out of my life

Too late to say I'm sorry  
It won't happen anymore  
But you don't believe a word I say  
'Cause you've heard it all before  
But all the same  
Won't you take me back again?

Don't say it's over  
After all that we've been through  
Take some time to think about it, baby  
While I sing my song to you

Your suitcase by the back door  
Packed with broken dreams  
When night time comes to call on me  
I'll know what loneliness means

But all the same  
Won't you take me back again?  
Take me back again  
Take me back again

All I'm asking is forgiveness  
Won't you take me back again?  
I miss your warm and tender love  
Won't you take me back again?

But baby, all the same  
Won't you take me back again?  
Take me back again  
Take me back again

But baby, all the same  
Won't you take me back again?  
Take me back again  
Take me back again

Won't you take me back again?  
No, no, no, no, take me back again  
Don't walk away from me, baby  
I beggin' you please  
I beggin' you please

Take me back again  
Take me back again
