When i look back
with everything i've done
i know you must of cried a river of tears

But you were there
when i was feeling low
to walk me through my darkest fears

So when the sun goes down
and those nights grow colder
i will be there
looking over your shoulder

And the deeper the love
the stronger the emotion
and the stronger the love
the deeper the devotion

There were times
i almost let you go
when i thought i needed to break free

But you were there
to whisper in my ear
why don't you share your dreams with me

So when the sun goes down
and those nights are growing colder
i will be there
looking over your shoulder

And the deeper the love
the stronger the emotion
and the stronger the love
the deeper the devotion
I don't mind what you're doing to me
I don't mind 'cause your all i can see
I don't mind baby ya mean the world to me

When the sun goes down
and those nights are growing colder
i will be there

looking over your shoulder
Baby, baby, baby

So when the sun goes down
and those nights are growing colder
i will be there
looking over your shoulder

'Cause the deeper the love
the stronger the emotion
and the stronger the love
the deeper the devotion

Give it to me baby
the deeper the love
the stronger the emotion

And the stronger the love
the deeper, the deeper, the deeper the devotion

I'm never gonna let ya go
in my heart i know
i really love ya, i love ya
oh babe i really love you !!
