"Time On My Side"

All my life I've been searchin
Walking on easy ground
Son of my father
Been pushed around

I've got the lord in my shadow
The devil in my blood
Reaching for me baby gonna
Get you like a good man should

Like a gypsy travelling
On down the road
Vagabond without virtue
Blessed before I won
Got to keep rolling
With my back against the sun
You never see me baby
Because I'm on the run

I've got time on my side
I don't need nobody to hold me
Time on my side just to
Prove what they told me
Time on my side

Freedom on my shoulder
I'm gonna settle sown
Before I get much older

Going on the dark side where
The sun never shone
Never had nobody to
Cry when I was born

I'm glowing in the mirror
I've got a ripper in my blood
Ton can fool me baby I'm gonna
Get you like a good man should

I've got time on my side
I don't need nobody to hold me

Time on my side just to
Prove what they told me
Time on my side

(Break)

I've got time on my side
I don't need nobody to hold me
Time on my side just to
Prove what they told me
Time on my side

Time on my side I don't need nobody
Time on my side I've got the lord on my shoulder
Time on my side I've got freedom
Time on my side I don't need it at all
Time on my side Devil, devil, devil in my blood
Time on my side, time on my side
I don't need it anymore
