Times when I'm real down and low  
Every lonely place I go  
There's a way I always know  
We're always together

Paper daisies to explain  
Sunshine always follows rain  
And a heart that's sweet and true will help us weather  
the weather  
That's what keeps us together

Candy hearts and paper flowers  
Sunshine days and skies of blue  
Rhymes and songs we sing forever  
Words to say I love you true

Times get bad and then I worry  
How we'll ever see it through  
But candy hearts and paper flowers  
Will always keep me close to you

If the night is gloomy and I'd like to hide  
Or a chill goes through me cause I'm scared inside  
That's when I remember all the things you've done  
Little things that warm me like a morning sun

And I feel so happy, don't you see  
Cause I start to thinking just how much you mean to me  
So let the night get gloomy any place we go  
I've got you beside me, that's a fact you should know  
It's because I love you so

If the night is gloomy and I'd like to hide  
(Candy hearts and paper flowers)  
Or a chill goes through me cause I'm scared inside  
(Sunshine days and skies of blue)  
That's when I remember all the things you've done  
(Rhymes and songs we sing forever)  
Little things that warm me like a morning sun  
(Words to say I love you true)

And I feel so happy, don't you see  
(Times get bad and then I worry)  
Cause I start to thinking just how much you mean to me  
(How we'll ever see it through)  
So let the night get gloomy any place we go  
(But candy hearts and paper flowers)  
I've got you beside me, that's a fact you should know  
(Will always keep me close to you)  
It's because I love you so  
(Candy hearts and paper flowers)  
Will always keep me close to you
