In time you'll find I hate my life  
Unless you break away I drown myself in my own  
mistakes  
It's time to find  
not to hide  
Time for you to see  
You learn my life  
Now don't you walk away from me

[Chorus]  
I can't break away  
(I can't break away)  
Lest you take the blame  
Locked inside this shell  
(Locked inside this shell)  
On my way to hell

Help me I want to work this out  
I can not help to feel abandoned by my own destiny  
It's eating me  
Just can't be free  
Looking at the sky  
Desperation is my only natural high  
[Chorus]

Again we're standing side by side  
It's time for us to bleed  
A severed tie between two like-minds  
I never felt I had to feel  
What it's like to see  
Our minds corrupt  
But nothing's holding onto me

[Chorus]

THESE SCARS!  
THESE SCARS!  
THESE SCARS!  
THESE SCARS!  
These scars invade my direction  
These scars help the infection  
These scars live my troubled life

THESE SCARS!
